Growing Pains

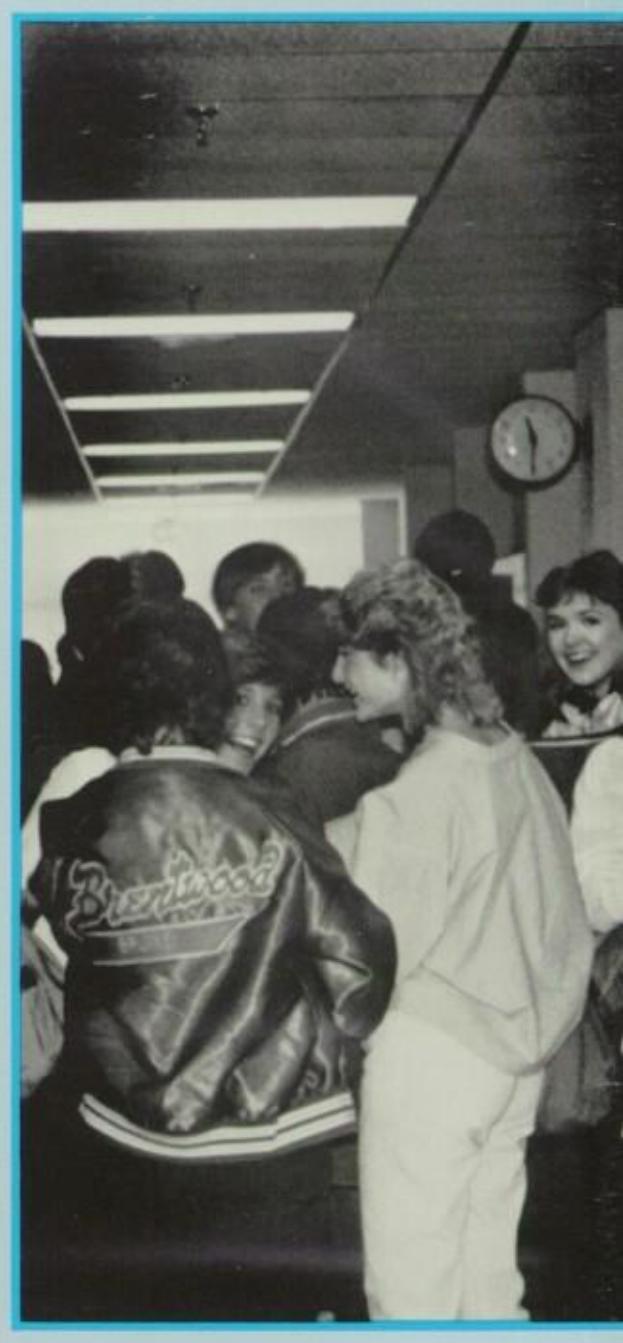
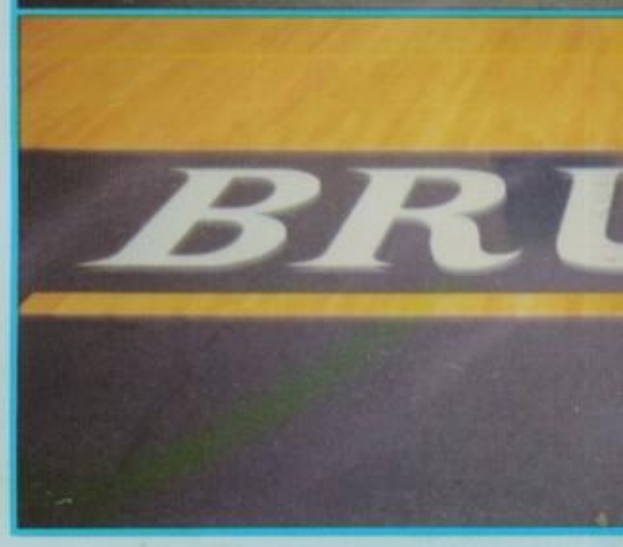
To keep up with our growing student body, an office devoted entirely to attendance is necessary. Students are required to sign in for late arrivals and to sign out for early dismissals. This office seems to be a popular place for it is continuously crowded and overflowing with students.



As usual, between classes the halls are filled with stud

Growing Within

This year, more than ever, Brentwood High School is growing within. Our school is growing in faculty size, student enrollment, curriculum choices, and extracurricular activities. These expansions bring about many changes and revisions at BHS. This year Brentwood High School is greeted by many new faces on the teaching staff. Our new teachers show us their new approach to old subject material, and we include them in our normal BHS routine. We also are acquiring many new students. Our enrollment is growing to more than one thousand and our school seems to be busting at the seams.



Not only is Brentwood High School growing in size but we are also growing in opportunities for students. Many new course offerings are added into the curriculum as well as new extracurricular activities.

The cafeteria is often so crowded that students find themselves sharing chairs.

ROTC is just one of the new opportunities for students at BHS this year.

The gym floor has a new look thanks to the class of 84.

Brentwood High School is expanding in many areas, such as faculty, enrollment, class offerings, and extracurricular activities. Altogether, this year is a time for growing within at Brentwood High School.

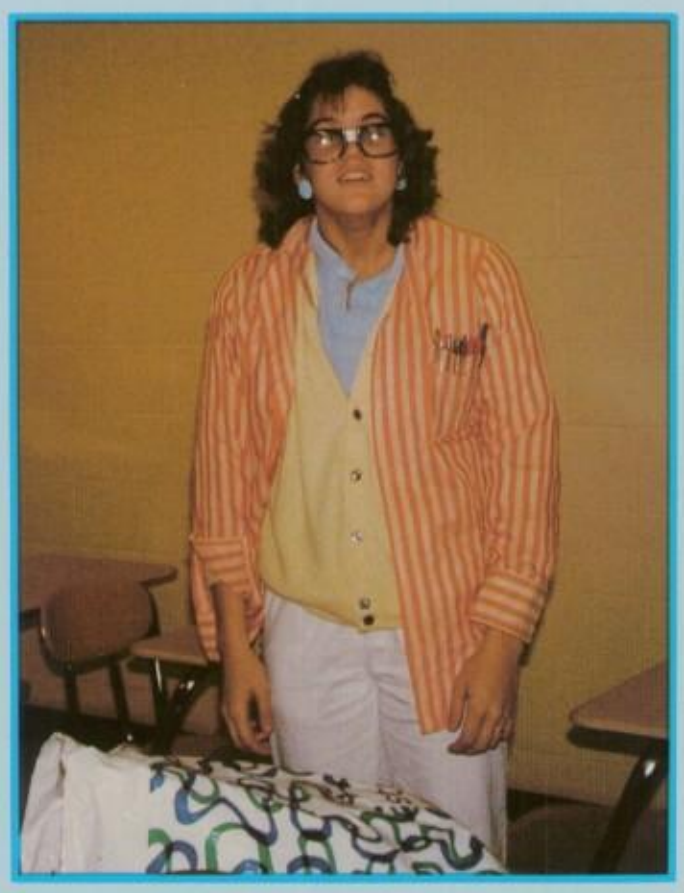
Homecoming

The Brentwood High School third annual homecoming week was a huge success. Throughout the course of the week students dressed up according to a different theme each day. Monday was Slave Day; Tuesday was Tacky Day; Wednesday was Dress-Up Day; Thursday was Beach Day and Friday was Blue and Gold Day. Another unique theme ran throughout the week — TOGAS! On Dress Up Day the Seniors decided to dress up — in togas!! The seniors enjoyed this day to the fullest but the "Togabusters" were not quite so amused.

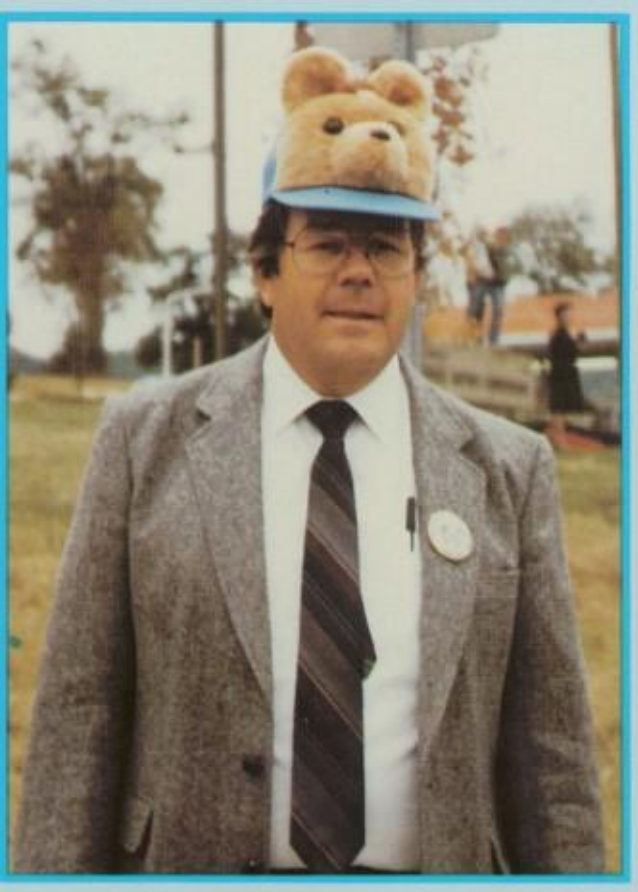
After the football team had romped Loretto 40-0, the week was completed when the Honor Society sponsored a dance in the commons.

The real feeling of homecoming began Friday when students dressed in blue and gold and prepared for the parade.

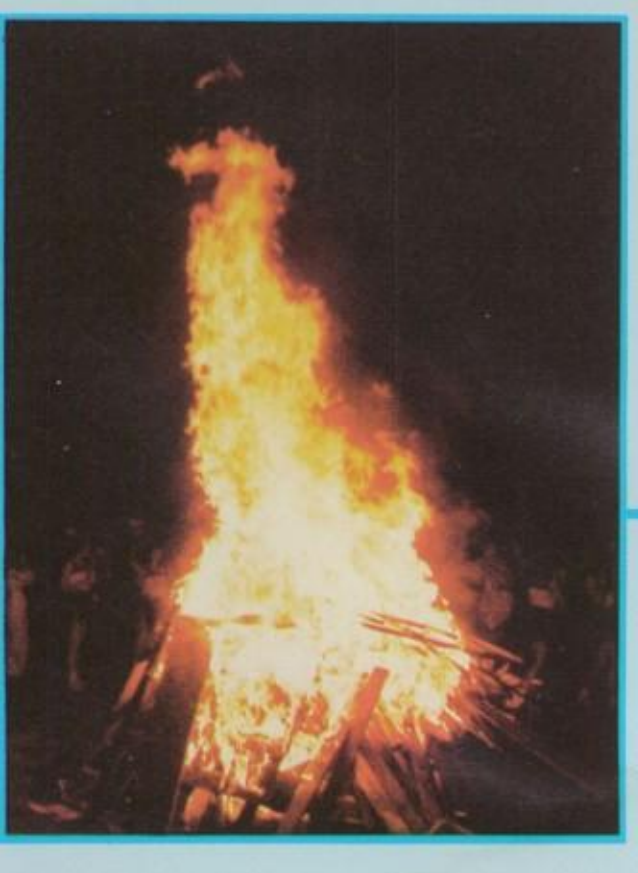
The theme "Cruisin' with the Bruins," was exemplified throughout the week with each class working on its floats. Different classes had various fund raisers for their classes including a Senior Party and a Sophomore Toga Party. The Sophomore class float received first place in the judging.



After the parade and the pep rally, the talent of Brentwood High was shown in skits. The cheerleaders, the mat girls, and the annual staff participated in the skits.

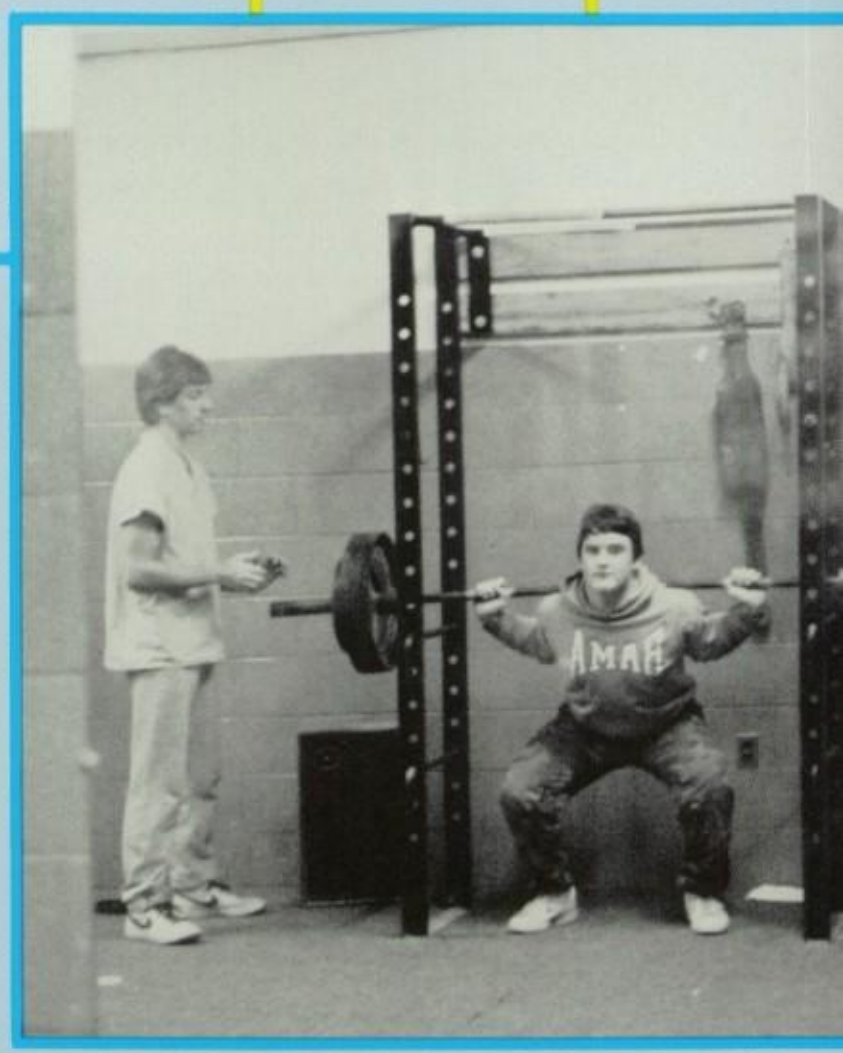


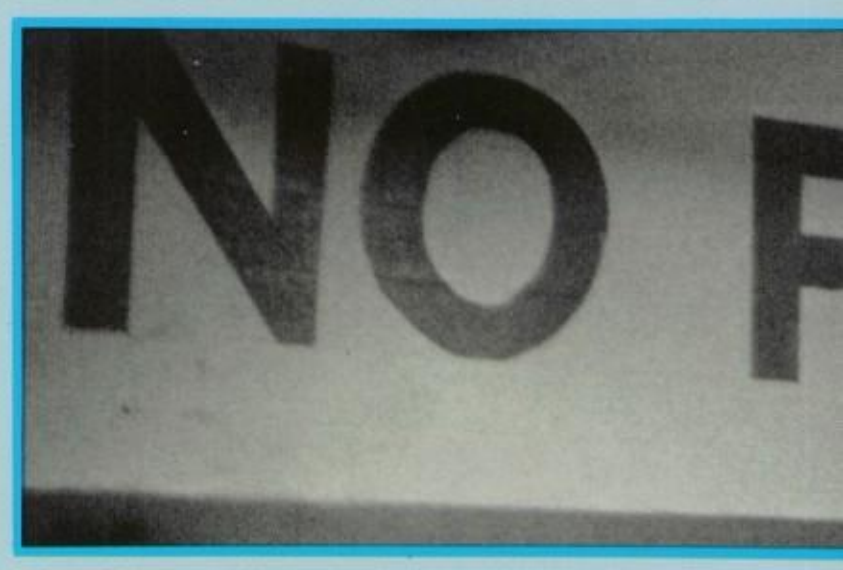
At halftime of the football game that evening, Amy Smothers, Senior, was crowned the new queen by President Marty Lloyd after the presentation of the court. The court consisted of Stephanie Sartin, Senior; Paige Trimmer, Junior; Tiffany Lloyd, Sophomore; and Monica Reyes, Freshman.



The homecoming activities actually began weeks before the actual event. Classes spent long hours working on projects in hopes that theirs would be superior to others when assembled for the parade. The students decorated their cars to enter into the parade, and Rob Kinchler's infamous "Togabusters" car won first place.

Growing Stronger





Brentwood High school is growing stronger academically and athletically. Through classes, sports, band and clubs BHS has grown in mind, body and accomplishments. Academically, our school is growing stronger. We are proud of the trophies and ribbons won by students participating in local, state, national competitions. The interest of the students, participation in clubs, and dedication of the teachers make winning such awards possible. Additionally, students at BHS are so interested in attending college and are taking the ACT in such large numbers that our school has become an ACT testing center. Almost ninety percent of the students graduating go on to a higher education.

Athletically BHS has grown stronger in many sports. Each team has become more powerful and many Bruin athletes have successfully participated in state competitions. The spirit of the teams, the devotion of the athletes and the loyalty and encouragement of the coaches are important elements in this growing process. BHS is growing stronger as the Bruin tradition continues.

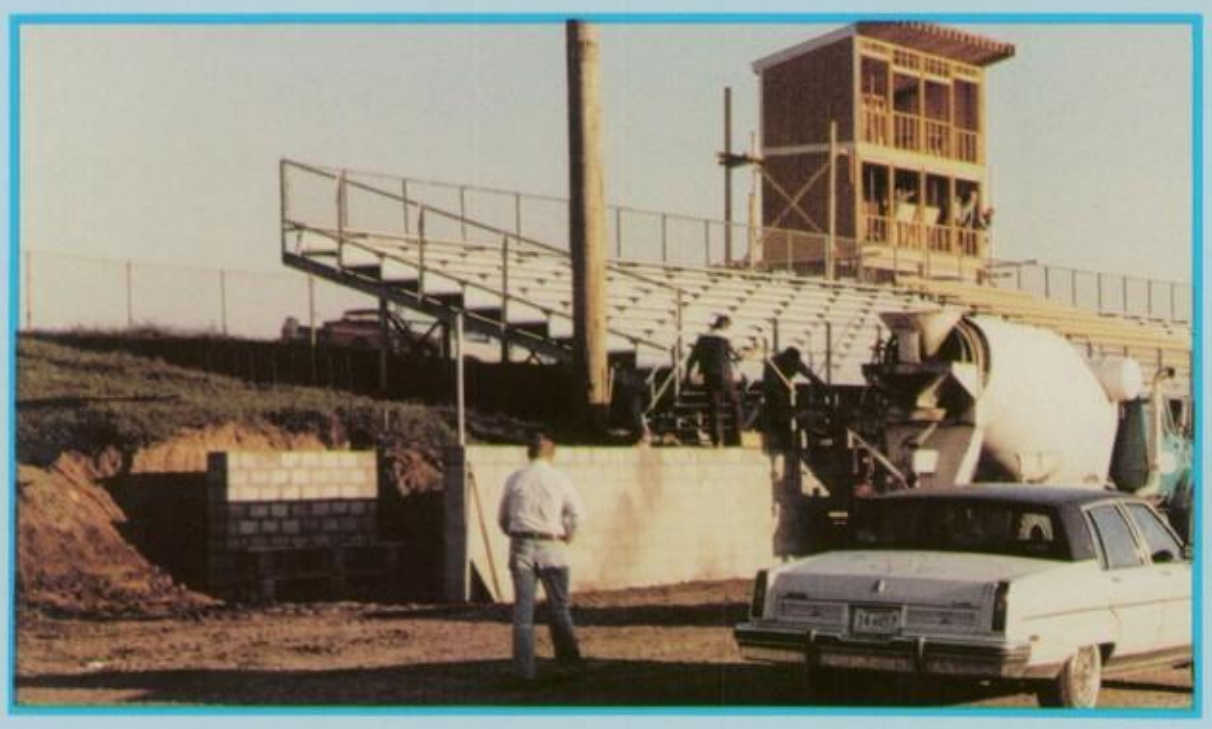
In order to be accredited, a school must go through a rigorous evaluation every ten years. This evaluation includes a self-study and a study by a visiting committee whose members critique the total school program. Brentwood High is in the process of being accredited. Once this has been accomplishment our graduates will have the pleasure of attending any college in the nation, provided they meet all other standards.

One of the newest additions to Brentwood is the popular Cosmopolitan Health Spa. It consists of up to date exercise equipment as well as an indoor pool, a track, and a whirlpool, all of which are enjoyed by many BHS students.

The Brentwood Place Shopping Center was completed in April of 1984. It consists of a variety of shops for every individual from kids to adults. Just to name a few: for the aspiring chef, there's the Cook Nook, and for the fashion conscious woman there is The Cotton Patch.



In order to accomodate the growing population in Brentwood and at BHS, a new football stadium was built.

Growing Bigger

A few years ago, Brentwood was just a small town with lots of undeveloped land. Now it is an upbeat, positive city which has been cited as one of the fastest growing cities in Tennessee. The city of Brentwood covers an area of 36 square miles and has a population of 10,400. Growth has more than tripled in the past fifteen years and is expected to double within the next ten. New office buildings, homes, and retail businesses are being completed everyday in Brentwood. While this growth brings much revenue into the city, it also creates many problems such as the traffic jams. All in all, Brentwood is growing bigger and better.

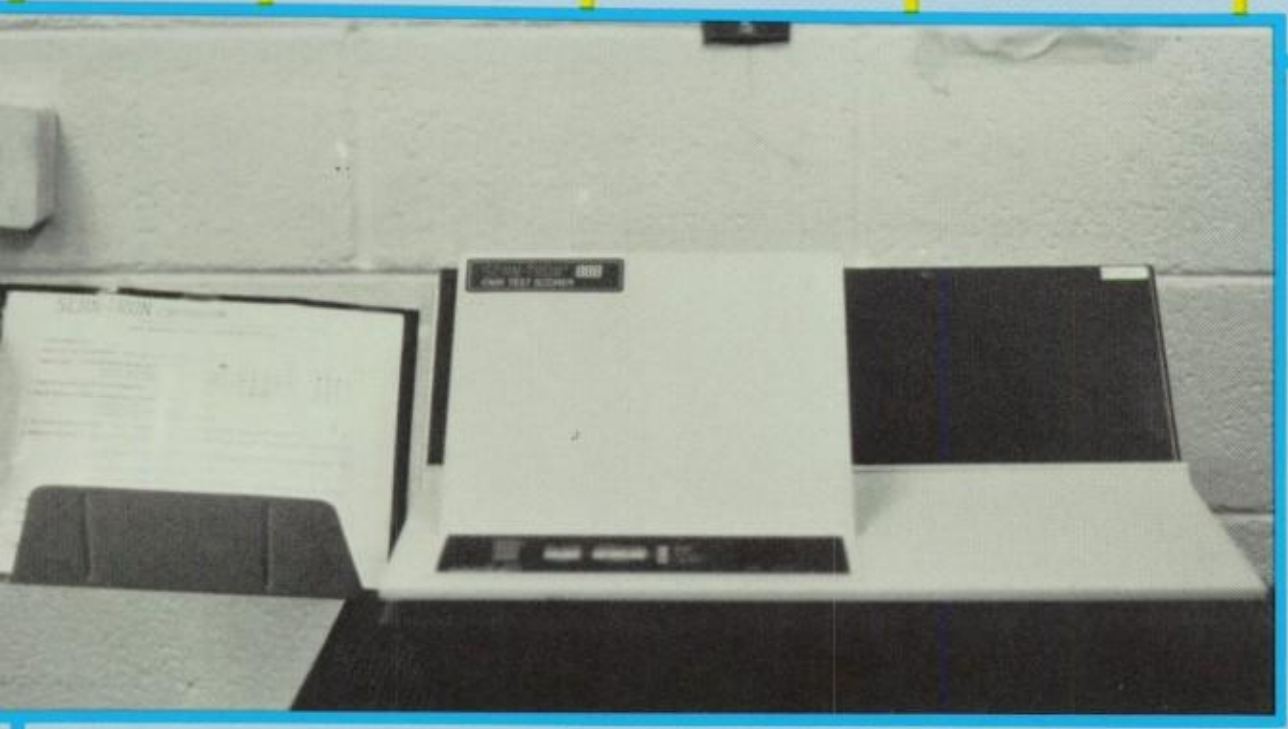
One of the hottest advancements of today is the sun bed. Students are able to maintain a tan all year long by spending only a few hours a week in the sun bed.

Students at BHS are able to learn about computers and their use. There is a semester long computer class offered to all students to teach them how to program a computer to use in daily situations.



Scan Tron is a new addition to BHS which will grade tests fast and efficiently. Test answers are put on computer cards and checked by the machine.

The Walkman allows students to listen to music wherever they go.

Growing Up In The 80's

Growing up in the 80's is an exciting experience of advancements in many ways. The computer age has certainly grown, as we can see, here at Brentwood High School. Each department has at least one computer where tests are processed each day. There is also a computer class offered to all students. Many students and teachers also have personal computers such as the Apple II or the Commodore 64. Another luxury of the 80's is the video cassette recorder, (VCR), which tapes movies and shows so that they can be seen time and time again. The BHS library even has a VCR camera so that our students can tape performances for later viewing and critiquing in class. The 80's are a time for video games and video music programs. Students spend hours daily watching MTV in order to see their favorite musical group's videos. The many new inventions of the 80's such as the walkman, the cordless telephone, the musical disc player, the calculator watches, and the disc cameras, allow BHS students to grow up luxuriously with lots of fun.

Almost all of the students at BHS have gotten involved in activities that require a tremendous amount of time out of school. Members of athletic teams, clubs, and the band spend many hours working to achieve their goals.

Growing Together

The students of BHS spend a lot of time together both in and out of school. Some enjoy each other's company by participating in various clubs. Others perform in our outstanding band which boasts its second state championship and an invitation to the Citrus Bowl in Orlando, Florida in December of 1985. Still others are involved in athletics either by participating or by helping support the Bruins from the stands. One would think that after all of that time spent together in school, there would be no time left for activities out of school; however, one is sure to see a number of Bruins spending time together somewhere in town. Bruins may always be found at the ever-popular Red Geranium, the Brentwood Three, or the Skate Center. It's fun to be growing up together at Brentwood High School.

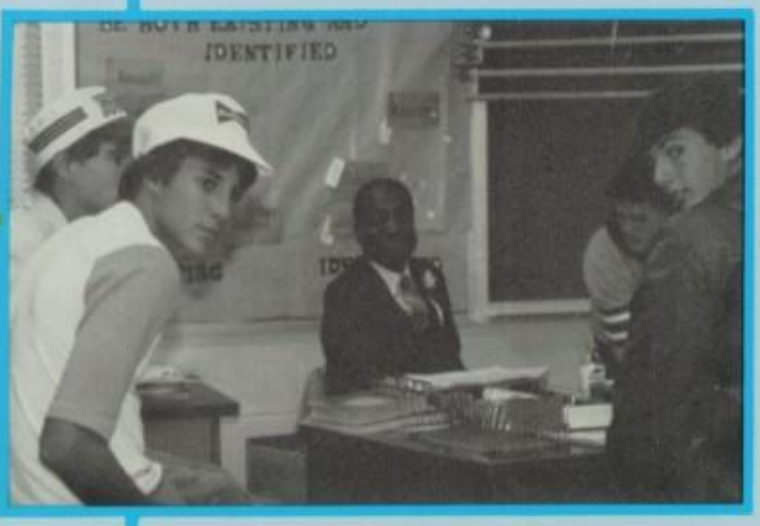
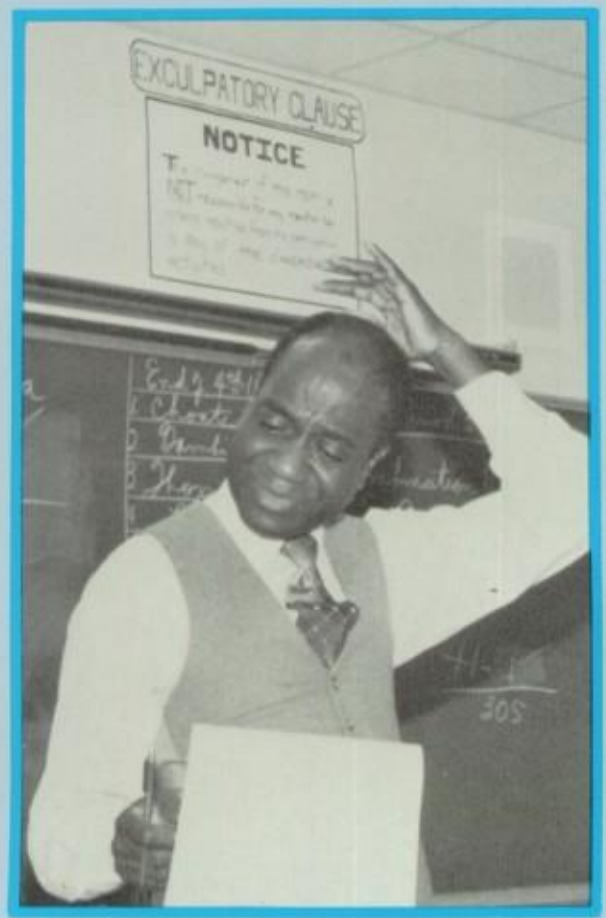
Good clean fun!





Mr. Wade is more than just a teacher; he is a friend to all young people. His students love going to his classes because his special way of teaching makes learning fun.

Dedication

The 1984-85 annual is dedicated to Mr. Eugene Wade for his many contributions to Brentwood High School and all its students. Mr. Wade teaches Accounting, Business Law, and Introductory Typing and is also in charge of the Student Senate. Mr. Wade is an outstanding teacher and a great person with a terrific personality. A graduate of Tennessee State University with a Master's Degree in Business, he accepted a position in the Master Teacher Program for the second semester. Even though he is away from Brentwood High School, his dedication to his students is still evident, because one of his goals is "to learn as much as I can on the road, so I can be a better teacher in the fall at Brentwood." We thank you, Mr. Wade, for all your hard work.

Seniors Last Will

I, Susan Depp, being of deteriorating mind and tired body, do hereby leave my sympathies for anyone having Ms. McCormick in the future, my thanks to the BHS band, and my best wishes and love to my sister, Amy, and all the friends I must leave (even those in my Trig class.)

I, Uwe Deligne, being of no mind, leave Glenn Toney my extra credits so he can graduate and Papa the bill for the stop sign. I also leave Linda Reeves a free date whenever she wants it. To Billy, Ryan, and Chris I leave everything else, because they're the only ones that know what to do with it.

I, Adam Smidt, of soundly vegitated mind and dead brain cells do hereby give my last will and testament: To Jen and Chantelle, my ability to hit trees in streets, to Lux, my ability to kill myself doing your stupid 10:30 cartwheels, to Jen, my study habits that have only been used my Freshmen year, to Scott H., my ability to brush brooms, and to whoever applies, the ability that Lumpy and I had doing Dr. John's labs.

I, Robert F. Ozier, being of uninhibited mind, bequeath the folloiwng to Andrew J. Ozier: the killer Six Shooter, the ability to say 'I really don't care' whenever he feels necessary, and my clean reputation.

I, Robin Swats, leave my lungs to Susan in hopes that she will use them to "breath" when she laughs, to Charmie, I leave my health in hopes that she will take better care of mine than she did hers.

I, Chris Peltier, of sound mind, I think, leave to Pat Day my Blues Brothers tapes so he can party with "Joliet" Jake, to Pat Sweeny, money for a carton of cigs, to Bob Harris, an appreciation for the finer things in life.

I, Valeria True, of some kind of mind and no kind of body do hereby leave to my BGC lil' sis Tammy, the sphygomonometer to practice on. To Ricky, I leave my love and ability to be organized so he can pass.

I, Tracy Woodard, leave my ability to absolutely fool parents to Denise, to Cribber, Beth, Tracy T., Jen Mc., Lisa D., and the other few of the real people at :his school, I leave my partying spirit.

I, Bill Brown, being full of Wendy's Chicken and cheese sandwiches hereby leave my good looks to Bowen "Jig Bone" Sargent. I also leave my common sense to Bowen so he can get rid of that person "Moose"; to Todd Jackovich, my golf ability; my speed to Jeff "Terri Fox" Wass so he can steal a base in the future; to Carol Kingsborough, nothing because she has everything, to Anne "Biggen" Westfall, $10,000.00 so she can get a real car, to Shannon Hurt, my big fist so she can knock over Bowen Sargent anytime he gets out of line.

We, Amy Bushulen and Pam Bagley, being of sound minds and bodies, leave our door open to Terri, Kaye, Leigh, Heather, Sabina, and anyone else who wants to come to Auburn and party when they have all of Brentwood that they can take!

I, Jeanie Ashmore, leave nothing to this school, but fingerprints and dead skin cells, however to Jennifer, I leave all the peanut butter and jelly sandwiches, to Scott, the plastic spider rings, to Brad, the rice crispy treats, and to Mr. Williams, a pat on the back coz' I like him!

I, Jan Brown, being of overworked mind and abused-in-the-halls body, do hereby leave the following: to Sabina Thoeny and Kaye Yealy, my third of the Party Trio, an alarm clock to get them up after 2 hours of sleep (?), and some cheese for early morning sandwiches, to Anita Grossmann, my oily shoes so she can run through parking lots and feel the earth move under her feet, also all the memories of just-the-four-of-us, and to the Senior Class — the greatest friends in the world, I leave my love.

22 Earn Top Honor

Chosen as a result of their academic averages during four years of high school work, twenty-two seniors qualified as the Top Ten Percent of the class of '85.

Their grade point average was determined by the guidance office. For each grade earned, quality points are given. Quality points may be earned in accelerated classes. The grade point average is determined by dividing total quality points, including extra accelerated class' quality points, by total semester units attempted.

This select group should be especially proud of their achievements; each student was able to maintain a high academic average while being involved in numerous other activities.

Toga Busters Hit

Seniors Start A Tradition

The class of '85 started the biggest trend to hit BHS for the 84-85 school year. On "dress up" day the Seniors dressed up in togas! The togas did not go over too well with the administration, however, they were a hit with everyone else. The Senior toga tradition will live on forever!

Administrators Work Year Round To Keep System Flowing

For the administrators and faculty, the school year never seems to end. The administration must work year round to keep the system flowing. Like the students, the administration works hard during the school year. When the school year ends, the students get to relax and enjoy the summer weather. The administration, however, keeps working. They must plan class schedules and new curricula for the upcoming school year.

Mr. Parker, "Head Bruin," keeps the school running smoothly every day. He was also awarded the Citizen of the Year award by the Brentwood Chamber of Commerce. Mr. Williams has a dual role at our school. All day, he acts as a disciplinarian and takes care of attendance problems. After school, he coaches both the boys' and girls' soccer teams. Mr. Carroll, Mrs. Latture, and Mrs. Wall work year round giving advice to all the students.

Mrs. Hollinger is Mr. Parker's secretary and has candy in her office for visitors.

Mrs. Zoe Wells, the attendance secretary, keeps us from skipping classes.

Mrs. Mauveline Wall is always ready to help a student with scheduling questions or appointments with Mrs. Latture or Mr. Carroll. Mrs. Edna Buckner keeps the school's financial records.

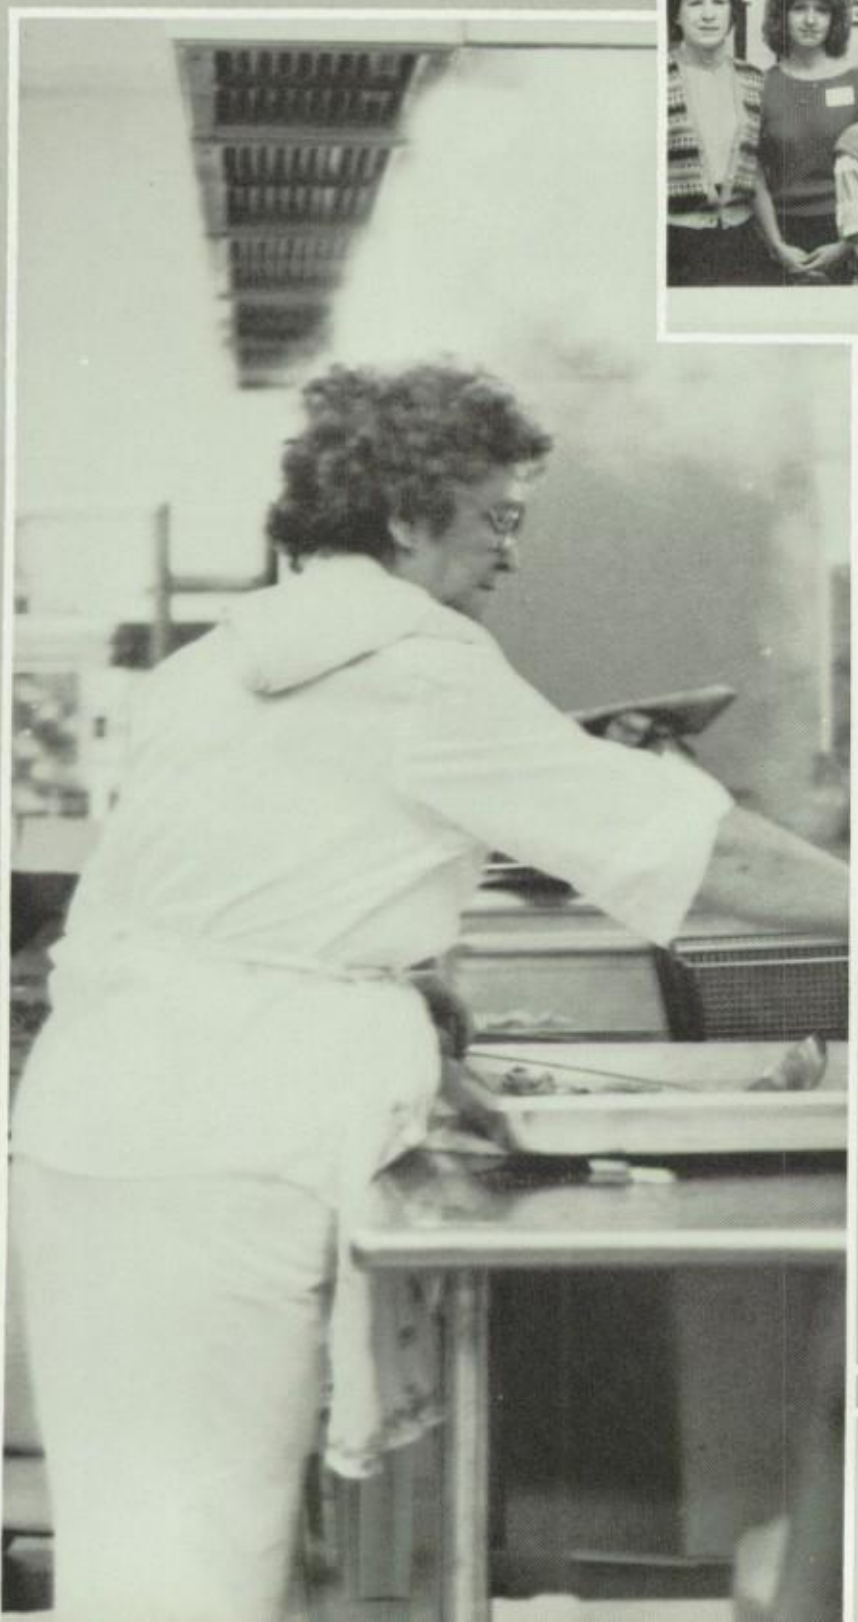
Volunteer Workers

An Important Part Of The Staff

Through the dedication of these ladies (left), Brentwood High School is able to operate the Bruin Cave Bookstore. Each week they take their turns running the store, busily supervising the sale of everything from notebooks and paper to sweatshirts and pom poms. These ladies are not paid and all help is given on a volunteer basis.

These are some of the ladies who volunteer in the office. They help with attendance matters and daily announcements. The office volunteers do not get paid for their hard work. Shirley Mondrage, Sandra Stem, Cynthia Myers, Heidi Thoeny, Martha McClendon, Regina Smithson, Brenda Moore, Cheryl Ottarviana, Nancy Westfall, Kay Wheeler, Bette Kitt, Helen Landry, Diane Harbauer, Cathie Wallwork, Alyce Gaston, Judy Partain, Roberta Freeman, Margaret Bain, Joyce Pust, Paula Grout, Sue Mennen, Becky Jones, Kaye Holland, Cindy Kohl, Hazel Ingram, and Jane Newman are the ones who do the hard work. The supervisor of the office volunteers is Jane Sanderson.



Besides preparing and selling the food, the workers in the cafeteria carefully plan menus offering variety as well as nutrition.

Defense, Key To Success

Determination and hard work led the Bruins football team to their best season ever. The loss of some key players made this team more of a team. They proved that they could play and win without these people. With a lot of work, next years team should do well as they move into Triple A competition.

The Brentwood High School Cheerleading Squad and Sam the Bruin (Paige Bottoroff) kept the Bruin spirit going this year. Their enthusiasm and school spirit spread throughout the student body bringing out school pride in all of us. The squad was not only full of pep but also nationally recognized for its excellence. At the Universal Cheerleading Association camp in July, the BHS squad was selected as Pom-pom champions of the Mid South and as one of the top 5 squads out of 50 competing for this title. Kelley Blevins, while reflecting on their successful season stated, "The cheerleaders would like to thank the faculty, parents, and especially the students for their overwhelming expressions of school spirit and pride throughout the year. We hope that next year this feeling grows even stronger."

Bowen Sargent, a promising sophomore with a bright future, led the team throughout its successful season.

Tee-ming Up To A Better Season

A spectacular effort by every member led the golf team to its district championship title. Although much improved, the team was not able to go to state. However, Bowen Sargent's performance earned him a medal in the region, marking the end of a strong season. Other top golfers included: Robbie Johnson, Sean Anderson, and Chris Neese.

"It was an exciting season, winning the district championship. It was a thrill for all of us! And to have Bowen Sargent be the medalist in the region, even though the team did not get to go to state; it was an outstanding accomplishment for him. As a first year coach I had quite an exciting time. They are excellent youngsters and I had a lot of fun working with them.

Volleyball Team Ends Excellent
Senior Leadership

Emotions are running high in the Bruin's volleyball locker room. On the road and many miles away from home in Columbia, in unfriendly territory, the 1984 volleyball squad was preparing for the district tournaments.

In a dramatic comeback but disappointing loss, the girls lost to the future regional title holders, Brentwood Academy.

The players all agreed that no one person carried them through the season, but said that togetherness accounted for their successful season.

In the district tournament, Robin Swats and Sheryle Greene were named All District, Shanlynn Sutherland was named to the All-Metro team, Jeannetta Beasley and Greene were named Honorable Mention All-Metro, and Swats was placed in 2nd team All-Metro.

The girls all had the same goal; they were not going to be defeated. They only wish that they had had the opportunity to fulfill their dreams and prove they were Number 1!

Shanlynn Sutherland digs for the ball while Jeannetta Beasley waits for the set.

"The volleyball season was fun as usual. We had a good season and the ability to go farther. We just got stopped at the tournaments."

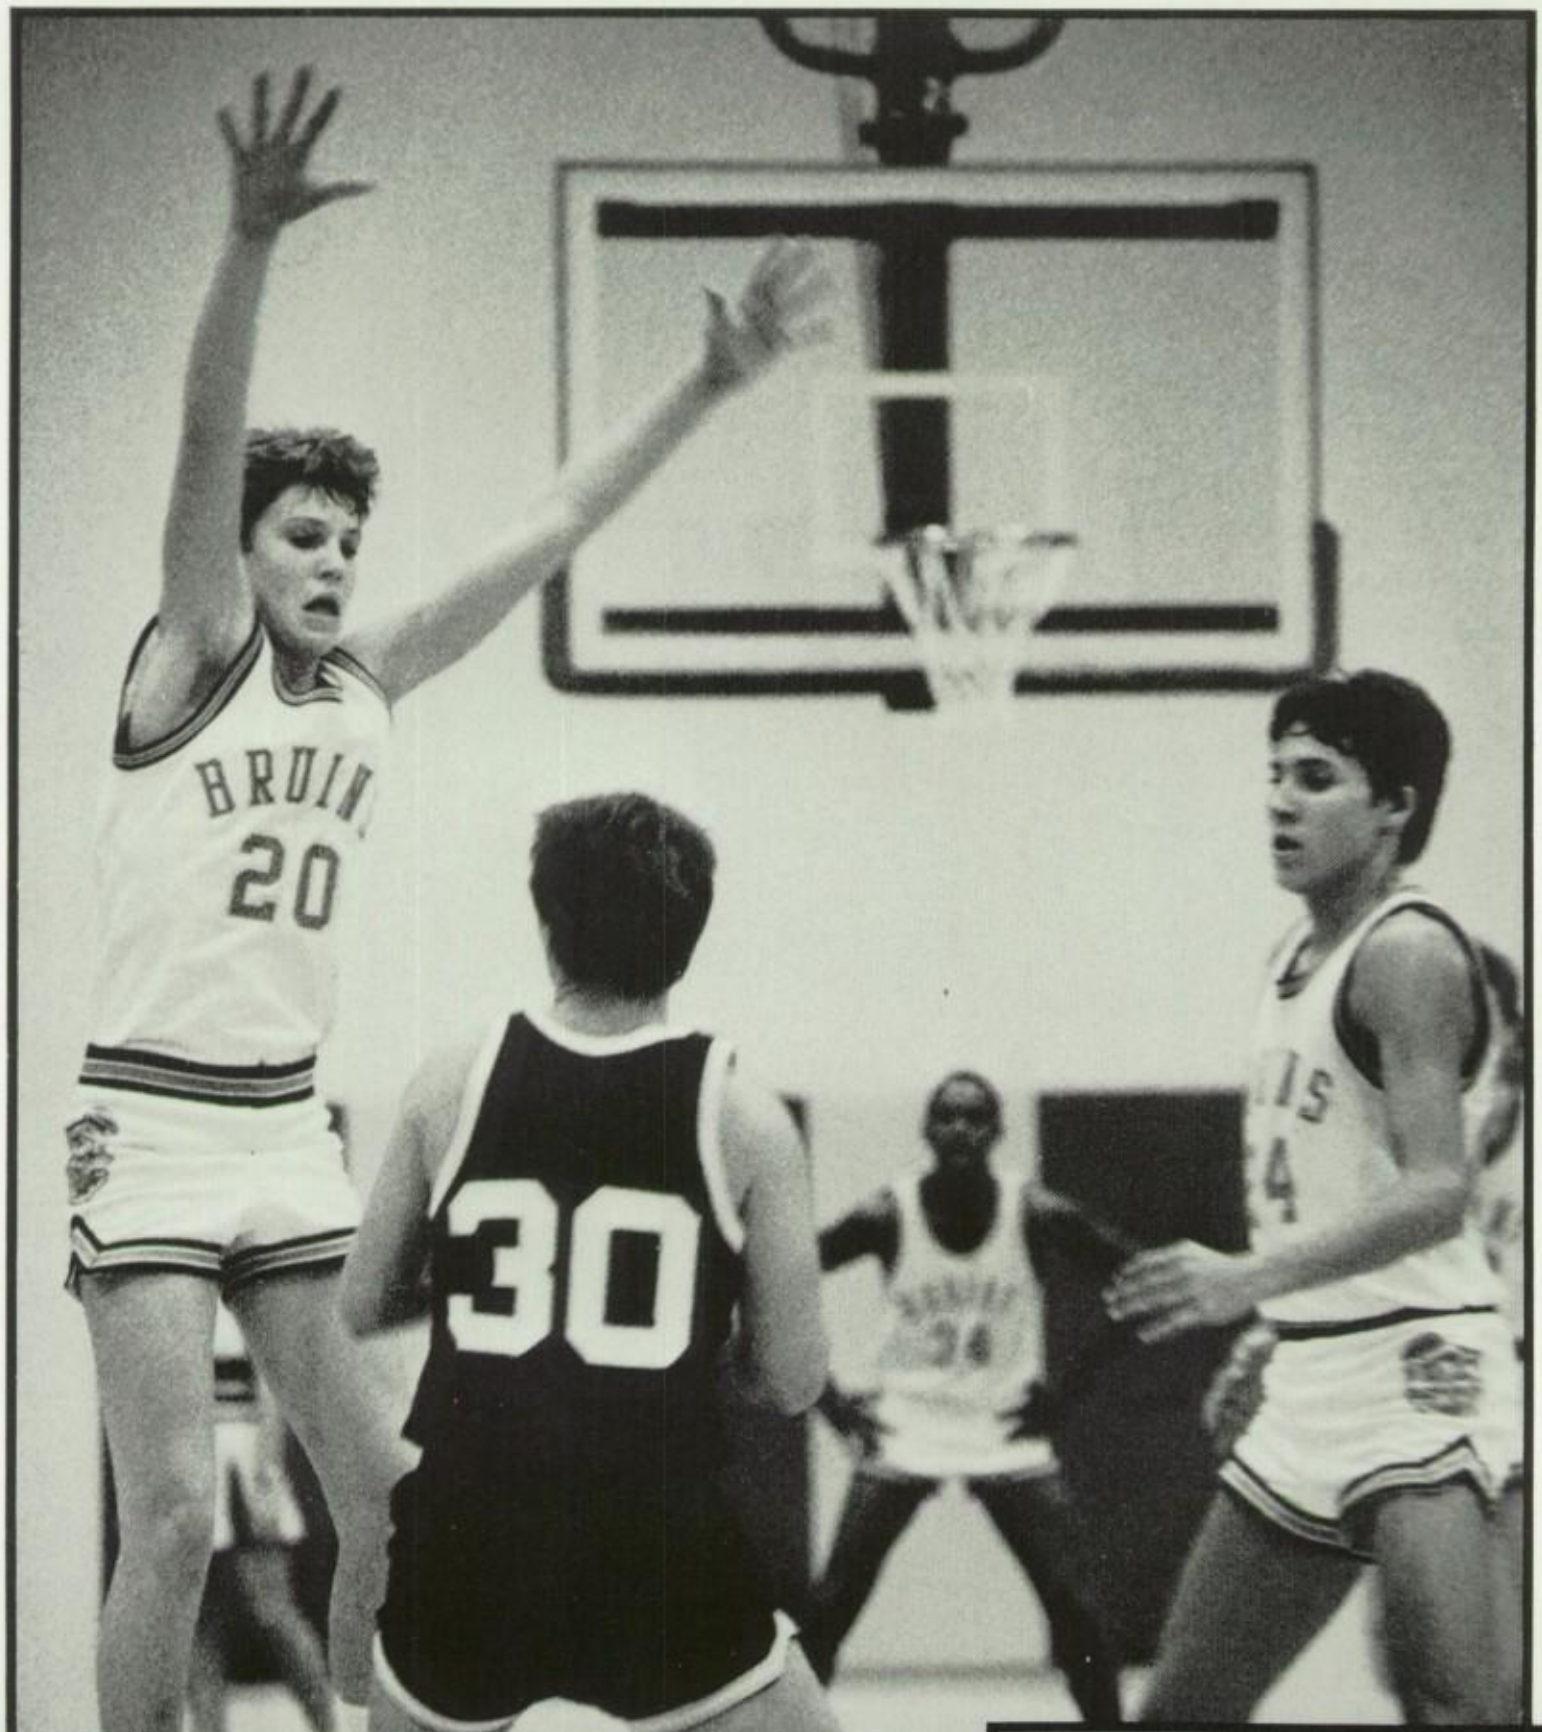
Varsity Shines



During a very successful season, the varsity boy's basketball team won some really close and exciting games.

Coach Dennis King, "Coach of the Year for Williamson County", managed to mold a team with only a few experienced athletes into a competitive basketball unit.

King said the improvement of senior center Brad Nesbitt and junior wing Carson Dean were pleasant surprises. The new addition of junior Philip Hardeman came at a time when Glen Toney's vacancy was desperately needed to be filled. However, the play of junior marksman Scott Corley was the key to the season.

The Bruin boys saw their season end when they lost 84-79 against Number One ranked Portland in the regional tournament.

Stopped Short Of State
One In State

For the second year in a row the Brentwood Girl's Basketball team reached the regional play-offs. They were hoping for the State Championship which had eluded them the year before. However, the Lady Bruins ended their season on a losing note when they fell to Greenbrier 65-60 in the first round of the Region 5-AA tournament.

Coach Kim Grizzle said her players had nothing to be ashamed about. This season team finished with a 22-4 record compared to the 1984 mark of 23-10.

"The girls had an unbelievable season," Grizzle noted. "They played hard in every single game."

The coach especially praised the play of seniors Shanlynn Sutherland, Mary Beth Thompson, Robin Swats, Sheryle Greene, and Kelli Weaver.

Smashing Season

Coach Netterville must feel proud when looking at his tennis team. The Bruins began the season by winning their first four dual matches by a score of 9-0. THey went on to post a record of 14-2, losing only to MBA. The team then entered its top four members (Todd Davis, Tim Miles, Rob Johnson, and Doug Kuertz) into the District tournament and finished with the District Championship. Todd Davis (pictured below) placed first in the singles bracket and Robbie Johnson placed third. These two players advanced to the Regional tournament where Todd Davis again came out with first place. Todd then played in the State tournament. Unfortunately he was eliminated in the second round. Despite this disappointing loss, Todd has every reason to be proud of his record at BHS. As one of three seniors on the team, he played #1 on the ladder throughout the season and led the Bruins in their tournament success. Todd plans to attend the University of West Florida next year on a tennis scholarship resulting from his outstanding play at BHS.

Playing in the number two position, Timmy Miles serves the ball to his opponent from Brentwo Academy.

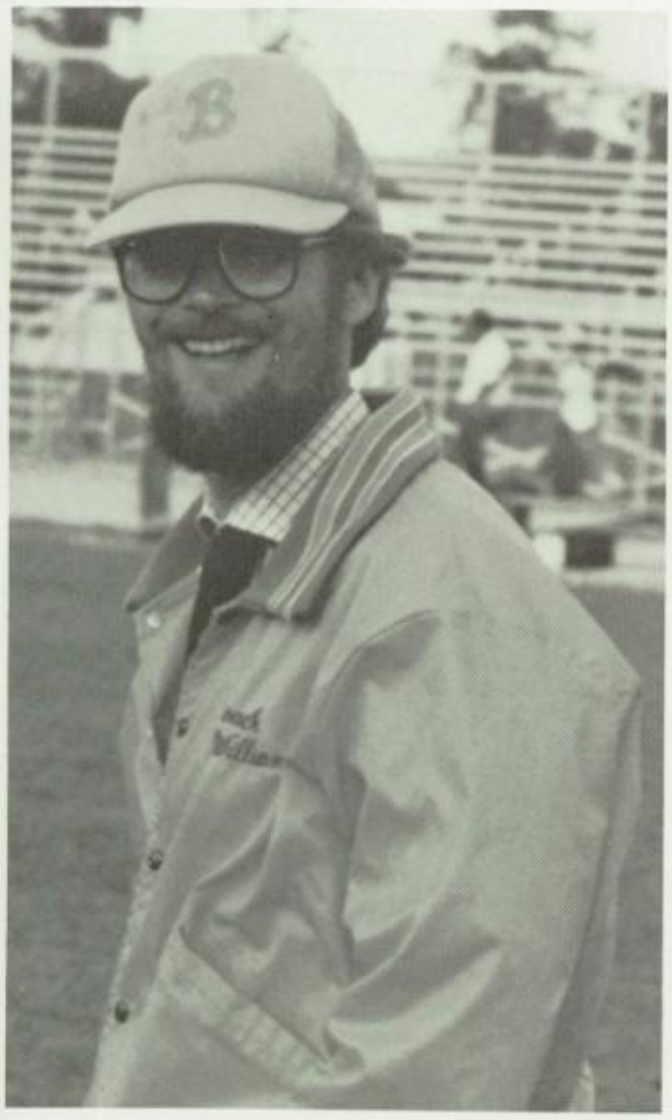
With "Character And Finesse"



"What best characterized this team was its unity and determination to win. The result was an undefeated record in regular season play. Each player can be proud of his contribution towards not only a winning team but one which succeeded with character and finesse."

Coach Williams

The Bruin soccer team kicked off a great season this year. They were ranked #1 in the state and therefore held the burden of great expectations. The soccer team lived up to these expectations arriving at the state tournament undefeated with an outstanding 15-0 record. After a disappointing defeat by Dobyns-Bennett, the team ended ranked 4th in the state for the second year in a row. The Bruins will be losing nine seniors: Bill Eason, Donnie Elliott, Brian Foy, Bob Greene, Micheal Haurbauer, Jimmy Klein, Marty Lloyd, Mark Vedder, and John Votsinopoulos who will be returning to Sweden and will be sorely missed next year.

Junior Scott Hartman heads down the pole vault runway during state competition.

Junior Scott Hartman is a versatile athlete, however track is the sport in which he excels. He became Brentwood's second state champion in track and field after winning the 1985 pole vault title, and finishing a close second in the discus.

Less than one week later, Scott placed second in the state decathlon meet, a grueling test of ten different events. Finally, Scott was chosen as the school's most valuable track and field athlete, a fitting conclusion to a successful season.

Greg Kiskadden holds the block as Marc Strong gets quick start on the 400 meter relay.

Dashing With

"The 1985 Bruin Track season began in the snows of February with the Southern Invitational Indoor Meet at Stokley Center in Knoxville and culminated with the state decathlon meet at MBA late one hot afternoon in May.

Along the way, the Bruin track and field athletes broke eleven school records and finished with a 4-2-1 dual and triangular meet record.

New school records were posted by Don Taylor in the 300 meter intermediate hurdles, Trev Brown in the 3200 meter run, John Bailey in the 1600 meter run and the 4 x 100 meter relay team of Marc Strong, Troy Heithcock, Doy Taylor, and Scott Hartman set a new mark in the sprint relay. Scott Hartman also set new records for all five field events, the 110 meter high hurdles, and for the decathlon.

The Bruins will move into the highly competitive AAA middle Tennessee track Region next year but with a host of juniors returning, 1985-86 should prove to be a year of hard work and possible outstanding performances for Brentwood." Coach Gene Andrews

Running three miles is not something to be taken lightly and the Cross Country Team certainly did not do so. The team practiced running this distance everyday in addition to countless drills in sprinting which were implemented by Coach King. These long and hard practices paid off in the end with two second place finishings, one in the Association Meet at Clarksville and one in the Association Meet at Highway 100. "We had more good runners this year instead of one great runner which was the case last year" said Trev Brown "and we had a lot of new faces on our team, who all made incredible improvements and contributed greatly to our overall improvement as a team."

The two members pictured here are Kaori Sato, who was the sole runner for the girls team this year, and Trev Brown, who led the boys team with some very impressive times. These two members stood out among the others by receiving special recognition in the Region and in the Midstate. Trev was name to the All Metro, the All Midstate, and to the All Region teams. Kaori received honorable mention to the All Metro Team and was named to both the All Region and the All Midstate Teams. Trev and Kaori both had very commendable seasons and deserve to be proud of themselves however Trev expressed some dissapointment when he and Kaori missed qualifying for the state meet by a very narrow margin.

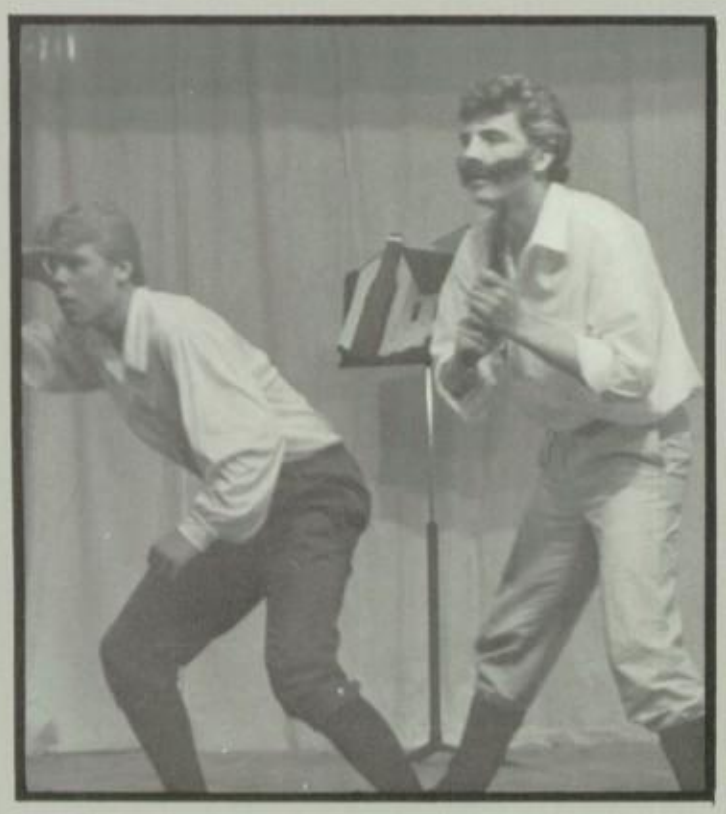
Kenny Paynter and Julie Todd star as young lovers Tom Jones a
Sophia Western.



Tom Jones is a comedy set in 17th century England revolving around the adventures of a man of questionable birth. After falling in love with a society lady, Sophia Western, Tom Jones is banished from his home and village. The insuing episodes include a "vicious" highwayman, a tavern brawl, flaming tempers, temptations, and numerous mistaken identities. Tom and Sophia fall in and out of love as often as Tom falls in and out of the hangman's noose. In the end, justice is served, the mysterious birth is solved, and love is restored. Tom and Sophia are married with the consent of their parents, and they live happily ever after.

From Different Worlds
Exchange Students At BHS

Maruku relaxes during activity period.

Finland's snow covered fields.

Public Buildings Ring South Harbor in Helsinki, capital city of Finland.

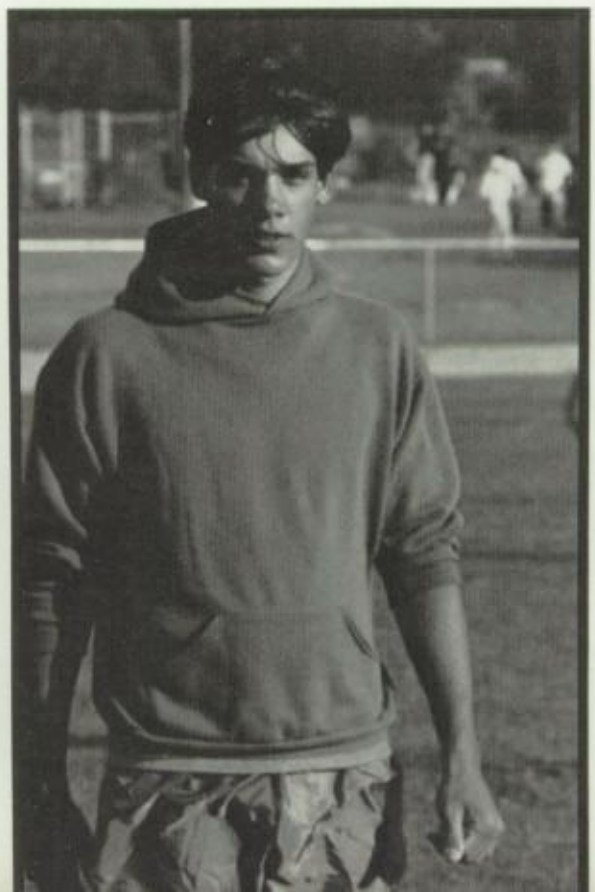
Maruku Kauppinen came to the United States all the way from Vantaa Finland. He came here because he wanted to see the U.S. and thought it would be fun. He likes living here very much and is hoping to come back and live in New Orleans. When asked the differences between his homeland and Brentwood, he says the weather is much colder there and at his school, Myyramaen Lukio, there are varied schedules and thirteen subjects.

Budapester Street in Berlin.

Confused but excited is how Jordana Tietze, an exchange student from Berlin Germany, felt on her first day at BHS. Different from our own six subject, 7:45 to 2:30 school day, Kant Gymnasium, the school Jordana attends in Berlin has thirteen subjects and five hour class days. The weather in Germany is much colder and the country receives more snow and rain than does Tennessee. Though Jordana has met many nice and friendly people, she is excited about moving back especially to her native German food.

Jordana enjoys art class.

Scenic view of Old Town in Sweden.



Across the ocean from Norrkoping Sweden come John Votsonopolis. John did not waste any time getting involved in BHS activities. Not only was he a member of the soccer team, but was ranked leading scorer in the state. John also received academic acclaim. He was awarded the American History award. John said that education for youth in Sweden is extremely important. He admits that the classes at BHS are harder but discipline is not as strict. John says he likes it here but is returning back to Sweden to continue his schooling for two more years.

BHS Memories

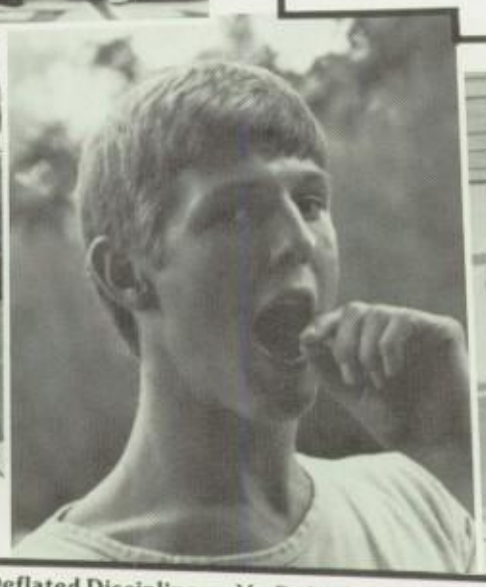
Shamrocks for Dystrophy — BHS raised over $1,000 for the muscular dystrophy association. All four classes competed with each other in buying shamrocks at 50¢ a piece. The sophomore class purchased the most therefore winning a "free" fourth period.

Tag Team — During activity period in the outside commons area, the "tag team" bunch acted out memorable wrestling stunts for their classmates.

Prom Beauties — DECA sponsored a prom fashion show for the student body. With the help of models from Mitchells Formal Wear and a number of BHS beauties, the show was a success.

Red Cross Blood Drive — Courageous students and faculty members donated blood to the American Red Cross.

Locust Invasion — Through the whole month of May, they came and stayed — making loud noises and attacking us all.



Belmont Reasons — Each year this talented group of musicians and singers from Belmont College comes and performs a spectacular show.

Deflated Discipline — Mr. Parker let the air out of over twenty-seven cars' tires for parking illegally. Students became angry. Brentwood Police came and refilled the tires. Many newspapers, radio stations, and news programs came to scoop the story of unforgetable day.

Senior Stunt Show — The Class of '85 performed a great show to the school in which they acted like certain teachers, relived the toga busters event, and reminised the memories of the year that will remain forever.

A Passion For Fashion

RADICALS

From London to Brentwood, the fashion everyone is talking about is the "punk look". Wearing their bright clothes, excessive jewelry, black boots, and fatigues, these individuals can be seen skate boarding, listening to Black Flag, and hanging out at Cantrell's or any other "hot spot" in downtown Nashville. Representing this group from left to right are: Keith Finan, Charles Hash, Houston Greer, Noelle Nash, Kristin Kaiser, and Todd Millsap.

WELL-DRESSED

Wearing only the latest fashions from Georges Marciano to Liz Claiborne are Alissa Sherry, Tip Sneed, Terri Parrish, Shannon Sifford, and Brad Dickerson. They dress not only for style, but for comfort in their cool, long, cotton cardigan sweaters and stylish skirts and slacks. These students make looking their best a full-time job.

PREPPIES

In their madras shorts and brightly colored ouses and sweaters, the "preppies" can be en teeing off at the local country club. In their ee time, they review the Amy Vanderbilt ook of Etiquette! On the weekends they can seen browsing through Pappagallo's and es. Some typical "preppies" are: Sean Anrson, Jennifer Worley, Tom Eubank, Marta nith, Ken Blevins, and Malinda Beadle.

ELECTION '84
THE INSIDE STORY

RONALD REAGAN

An aura of leadership, strong and sure

THE OPPONENTS:

GEORGE BUSH

Four more years

GERALDINE FERRARO

Making history

WALTER MONDALE

Can anyone stop Fritz?

THE CAMPAIGN:

Campaign '84 was a long and heated battle. At the start, Ronald Reagan's staff glowed with assurance. They knew that Americans wanted to feel good about their country again. Reagan's personality and message were one, a celebration of flag and country. "Let the eagle soar," he said as part of his road speech, and it did, above the issues and doomcrying of the Democrats. Walter Mondale, on the other hand, was making waves as well as history with his running mate Geraldine Ferraro. "We are the future," Mondale declared, raising a glass to the woman who entitled him to say so. The two presidential debates caused a disturbance to the calm security of the Regan staff and a ray of hope for the Mondale side. In the last two weeks of the election, the campaigning, the flag-waving, the debating, and the altogether hectic pace of both contenders rose to a crescendo that finally exploded into an overwhelming victory for Ronald Reagan.

THE WINNER:

REAGAN TRIUMPH BIGGEST IN HISTORY

Rarely has America seen so thorough a landslide. In every region, in every age group, the message was clear: "Four More Years." It was the crowning victory of a career that began a generation ago and in "Carrying a message to every corner of the nation . . . that here in America the people are in charge."

The World Around Us

Mary Lou Retton became America's Sweetheart after winning four gold medals in the Summer Olympics.

Trivial Pursuit became the biggest game craze to hit the country.

William Schrader became the second person to receive an artificial heart.

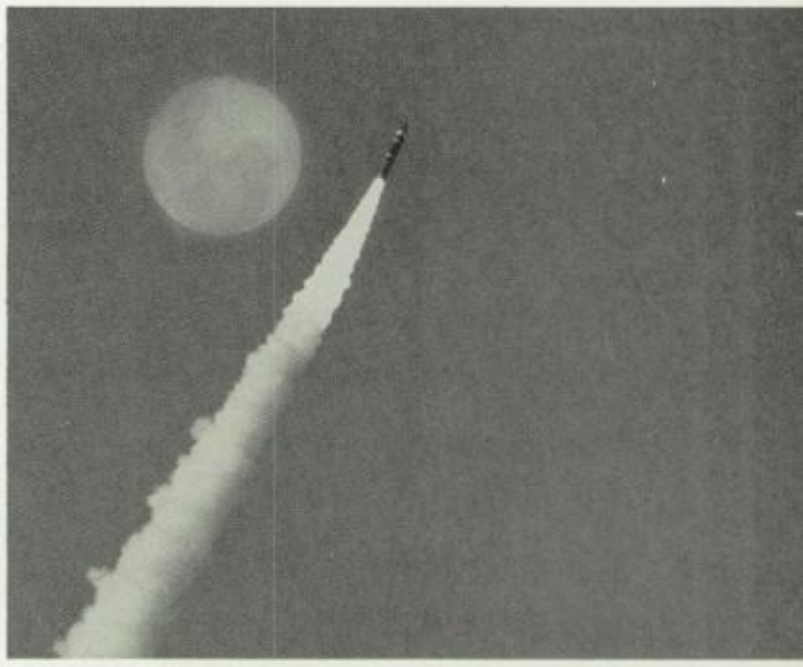
Baby Fae became the first human to ever receive an animal heart.

Indira Gandhi, the Prime Minister of India, was assassinated by Sikh bodyguards.

The Subway Vigilante, Bernard Goetz, wounded five black youths on a New York subway.



The United States and Russia are arguing about the new "Stars Wars" weapons.

In Ethiopia millions of people are starving to death because of a drought that has plagued that country.

The space shuttle completed many more successful missions.

Clara Peller made millions with her Wendy's "Where's the Beef" commercial.

WORKING FOR

The job is not finished until the paper work is done.

Scott Jones — "Make-a-the pizza."

"Thank you for shopping at Lee's."

"COOKIE MONSTER!"

Many students at Brentwood High have part-time jobs. Students can be seen working in the afternoon or on weekends.

Most students need their jobs to meet expenses such as spending money, car payments or college education.

Depending on the jobs held many students have learned meaningful skills ranging from operating a cash register to landscaping a yard and making pizzas.

The Distributiative Education course at our school allows students to get out of school at 11:00 which involves them in such diverse activities such as working at a clinic, business complex, and doctors office.

To end the semester, the marriage and family relations classes held a mock wedding. The first wedding, taking place in the fall, united junior Holly Smith and senior Johnny Moore. The bride was given away by father Scott Reynolds. Angela Lattimer served as maid of honor while Uwe Deligne served as best man. Reverend Edwards of Brentwood Methodist officiated. A reception was held afterward in the Home Economics room. A traditional white wedding cake was served.

Reverend Edwards once again visited BHS in the spring as Jeff Miller gave his daughter Natalie Hiers' hand in marriage to senior Mark Spivey. The second marriage and family relations wedding was held in the courtyard. Seniors Jenny Bailey and Gary Gambill got a first hand look at what it would be like to be maid of honor and best man respectively. The Home Economics students provided refreshments.

Tuesday, May 21, 1985, Stacy Ford and Mark Kreider were joined in the wedding held by the French classes. Finishing a unit of study dealing with French customs, the French students, taught by Mrs. Brown staged their own mock wedding. Jennifer Burke was maid of honor. Steve Cook served as best man. Michael Haarbauer was the father of the bride. A recpetion was held in the cafeteria. French bread with cheese and white wedding cake were served by the French III students.

Prom '85

On April 13, 1985, Brentwood High School held its 3rd annual Junior-Senior Prom, "Tender Years." Despite ominous clouds, the scene was set for a romantic, memorable evening. The restaurants that were most popular for a perfect dinner before the prom were The Hermitage, The Polaris Room, and Mario's. Later most couples went directly to the prom. Many pictures were taken, and people swayed to the music of Mirage. The Presentation of the Seniors went smoothly, and everyone looked lovely. To their surprise and delight, Bill Black and Stephanie Sartin were chosen as the 1985 Prom King and Queen. After several hours of dancing and socializing, Music City Sheraton and Vanderbilt Plaza became favorite spots for partying long into the night. Breakfast was generally "on the house", in the early hours of Sunday morning. Most people, happy but exhausted, collapsed into sleep for the rest of the day. Overall, it was an extremely successful and enjoyable evening. The Seniors wish to thank the Junior class, Mrs. Crutcher, Mrs. Myers, Mrs. Fox, Mrs. Barrett, Mrs. Ryan, and Mrs. McGregor for a wonderful Prom.

Graduation

The Beginning, Not The End

Tifni Brown and Bill Brown patiently wait for their diploma.

Graduation. Dreaded by some, impatiently anticipated by others.

The Seniors finished exams on Friday and were seen again at school on Saturday for clean up day, a part of the Senior Gift. The Graduation festivities began on Sunday with the Baccalaureate Services at Brentwood United Methodist Church. The baccalaureate service, which was held June 2 at 3 p.m., featured Patriarch Theodore Blair of The Church of Jesus Christ of Latter-Day Saints. After a short inspiring talk, the graduates to be, had to wait only 24 hours for diplomas.

Monday morning, graduation day, greeted the seniors with a three-hour rehersal. At 6:30 that night, the seniors began forming the procession lines and at 7, the ceremony began. Speeches were given by students, the Senior Gift and the James C. Parker Award were presented. Congressman Bart Gordon gave the address to the seniors and finally the diplomas were presented. Less than two hours time concluded 12 years of education for the members of the class of '85. After it was over, few cried, several seemed dazed and many jumped for joy. Hugs and handshakes were everywhere as were best wishes for the future.

Closing . . .

With the closing of the school year came an end to a part of all our lives. Whether or not we had enjoyed school was irrevelant; it was a period of growth in each of our lives that had a definite effect and influence on us all.

The effects varied with each individual. Some students went through the year pursuing what they wanted with enthusiasm while others lacked motivation — just waiting for school to get out each day.

For some, the memory of the year would stay forever, while for others the memory would fade as quickly as the mind would let them.

And as much as the year was a part of the people, the people were as much a part of the year. They were a part of what made the year exciting, fun, unique, and special. They will forever hold the memories that will always be a part of all our lives.
